Eps x Min | 1 ep x 80 min

Genre | History, Fantasy, Martial Arts

Pre Production	Main Production	Post Production
Character, Continuity, Background		

There is the Three Kingdoms period in Chinese history. This is not the Three Kingdoms as history remembers it, but a steampunk reimagining shaped by future technology and human choice. In this world lives Zhuge Liang, the greatest military strategist of his time. Liu Bei persuaded him to become his strategist. Yet victory does not come easily. Each new invention shifts the balance of power, but also pushes the world closer to irreversible conflict, alongside his brothers Guan Yu and Zhang Fei. But there is a story history never told - Zhuge Liang's wife. Her name is Huang Yueying (黃月英). As brilliant as her husband, she is especially gifted in science. She can create advanced weapons, mechanical armor, and autonomous machines. Unknown to history, Huang is a genius engineer who comes from a future far beyond the Three Kingdoms. As technology spreads, the war grows more violent than ever before. Huang steps forward as the architect of a new kind of warfare, one that will redefine power, strategy, and destiny. Can one genius alter history without destroying the world she is trying to save?
