Idea, Concept Art		

Some of the Moldies inhabit a distant alien world, where solitude is not a choice but an intrinsic part of their existence. Sustained by drifting shadow clouds, they survive by harvesting fragments of shadows from young children and channeling them into a wandering spacecraft bound to darkness. Over generations, this practice has become both a necessity and a burden, blurring the line between survival and sacrifice.

Though feared by many, the Moldies are not inherently cruel. They are the product of a world that has forgotten connection. When Eunhu, a child reborn with a fierce, fire-like spirit, emerges as their new leader, he begins to question the foundations of their society. Determined to rescue the trapped children and break the cycle of isolation, Eunhu embarks on a journey to restore what his people have lost: connection, warmth, and the courage to change.

Idea, Concept Art		

Eunhu grows up listening to his mother's quiet warnings—stories of children whose shadows wandered too far and never returned the same. To him, they are nothing more than fragments of an old fairy tale, until the day his own shadow begins to move on its own. Across the endless golden expanse of the Yellow Land, Eunhu is drawn into a surreal chase as his shadow slips away, then turns back as if watching him. Fear soon gives way to curiosity as the line between imagination and reality begins to dissolve. What starts as a pursuit becomes a journey of discovery. Eunhu realizes that the shadow is not simply something to fear, but a guide leading him toward a hidden truth beyond everything he has ever known. Following its path, he embarks on an adventure that will challenge his beliefs, uncover forgotten secrets, and reveal the connection between his world and the mysterious beings who exist beyond it.

After escaping from a special virus academy, three rebellious viruses enter the human world, convinced that real learning happens in the field. They explore beneath fingernails, slip through gaps in face masks, and venture into nostrils in hopes of invading the human body. However, their plans are repeatedly foiled by the body's biological defenses, sanitation squads, and antibody armies. Told from the viruses' point of view, this slapstick black comedy follows their chaotic yet determined attempts to infiltrate humanity.
